Subject: Supply of Tested Assemblies

We Schneider Electric East Mediterranean certify by this letter that **Khoury Engineering & General Contracting** is being able to provide Low Voltage Tested Assemblies as stated in IEC 61 439 -1.

The supplied Panel Boards is to be audited by Schneider Electric East Mediterranean during and after the assembly process where we shall check the quality of production and ensure that the assemblies are according to "IEC 61 439-1" Standard, after which a certificate shall be issued for each tested panel.

The above statement has limited validity of one year from the date of issuance.

Sincerely Yours
Schneider Electric East Mediterranean

Richard Ayoub
Technical Manager
